

Legendary Lions Newsletter

Friday 6th February

English

In English this week, we started our new unit on biographies! We have been creating a text map this week and learning a biography about a famous Egyptian archaeologist, Zahi Hawass.

Maths

In maths this week, we have continued our learning on length and perimeter. We have been learning about equivalent lengths, comparing lengths and adding lengths.

In addition to this, we are focusing on learning our 3s, 4s and 8 times tables this term.

Science

This week in science, we have been making animal shadow puppets! We used them to investigate how we can use the distance of a light source to change the size of a shadow. We concluded that the closer the torch was, the larger the shadow was!

Topic

This week, we learned about canopic jars and why they were important to the Ancient Egyptians. We also designed our own!

Dancefest

As mentioned on the letter sent out last week, on **Wednesday 11th February** we will be walking to the Regal to take part in a Dancefest performance as part of our PE curriculum. Please can children come to school in **PE Kit** and all **costumes** be put in a **named bag** and brought to school by **Monday**. If anyone has any queries about this, please come and see me.

Homework

Please try to read at least **4 times** a week at home and record in reading records, practice spellings each evening and complete **15 minutes** of TTRS each week. This will be checked every Friday.

Well done to Kai, Ava, Oscar and Aria for achieving certificates this week!

Have a lovely weekend,

Mrs Wall
