

Bright Bumblebees

Maths

Our learning in maths has focused on dividing and multiplying by 2. Most children are realising that when solving $12 \div 2$, they can work out how many 2s are in 12.

We have also been doubling and halving numbers and we found out that you can half even numbers but not odd numbers.

English

This week, we completed our newspaper reports about the Great Fire of London. We have written an introduction, facts, eyewitness accounts and a conclusion. They really are fabulous to read.

Topic/DT

We have finished our Fire Engines! 🚒 🚒 The children have been brilliant at solving problems, working together and reflecting on what has worked well with their DT projects. I'm really happy with the end results.

PE

PE days will remain the same for the next half term. (Mondays and Fridays)

This week's Bright Bumblebees are **Imogen and Hunter**.

Have a fantastic half term!

Mrs Hickman 😊
