

TIGER CLASS

In English, Tiger Class have been developing their knowledge of how to make notes from an information text. We have then share wrote the introduction and paragraphs about animals and plants in the desert. The children also completed a practise SATS paper for SPAG. Well done Tigers!

In Maths, Tiger Class have been extending their learning of ratio. They have learnt about scale drawings and scale factors. The children have ended the week solving problems linked to ratio including calculating amounts from given recipes. Tigers have also completed a practise SATS maths paper and should be pleased with what they achieved.

During the afternoons, Tiger class have worked in groups to produce an A3 poster about different spacecraft. It was lovely to see the different designs and to see the children working collaboratively together. They have also read more of the book 'Holes', learnt about influential Humanists, such as Albert Einstein, Philip Pullman and Stephen Fry and listened to some audio clips identifying the type of genre of film they would be used in.

Well done for earning a certificate this week to: Minnie, Matilda, Reece, Chris, Lily K.

Don't forget, Homework Club on Monday after the holiday. Swimming will also be continuing on a Tuesday.

Have a super half term.

Mrs Gittens and Ms. Archer
