

Good afternoon Snakes!

This week in our English lessons, we have been thinking of the different wishes the characters in our story might make. We had to plan this carefully as all three wishes needed to be combined in the resolution part of the story.

In our maths lessons this week we have been looking at the perimeter of rectilinear shapes. We initially found this quite challenging, but with perseverance we felt much more confident by the end of the week.

During our indoor PE lesson this week, the children worked on a Tudor dance based on the early years of Henry VIII reign.

If you have any plastic bottles or cardboard tubes at home that you do not need, we would greatly appreciate them for our upcoming DT project!

Our pupils of the week are:

Callum B: For his effort and concentration while performing a Tudor dance.

Willis H: For thinking creatively about the wishes characters in his story might make.

Please remember to allow your child to practise their spellings at home. As Year 4 children will also be required to take the government's mandatory times tables check during the summer term, practising their times tables on <https://play.ttrockstars.com/> is important. Your child is set the task of playing 25 games per week (approx 1 min per game), though as much practice as possible would be recommended to master this vital mental maths skill. Finally, please remember to remind your child to read at home for a minimum of 10 minutes per day; a mixture of reading aloud and to themselves is preferable.

Many thanks and have a great weekend,

Mr Bell
