

## **Bright Bumblebees**

### **Maths**

This week we have been measuring length and height. We know that you can measure in centimetres and metres, and that 1 m is greater than 1 cm.

We have continued to practise our 10x and 5x tables. Keep up the practise on TTRS or play Hit the Button too.

[Hit the Button - Quick fire maths practise for 6-11 year olds](#)

### **English**

We have been reading and writing kenning poems. A kenning is 2 words that describe an object without saying what it is. For example, wave-rider (boat). We have chosen an animal from India and generated words that describe its appearance and how it moves, and then wrote our own animal kenning.

### **Topic**

This week, we found out about different climates in the world. We know that countries closer to the equator have much hotter weather than those further away. We found out that India is hotter than the UK.

### **Useful websites**

This week's Bright Bumblebees are, **Mickey and Olivia.**

Have a fantastic weekend!

Mrs Hickman 😊
