

TIGER CLASS

In English, Tiger Class have completed a 'Cold Task,' which had a focus on dialogue to move the action on. They have been introduced to the text 'The Way Home,' and have summarised the key points. Tiger Class have created sentences to create atmosphere and tension and have been recapping on the conventions of dialogue before writing their own conversations.

In Maths, Tiger Class have been continuing to learn about algebra. The children have learnt how to form equations. Following on from this, Tiger Class have solved one and two step equations. The children have ended the week by finding possible values.

During the afternoons, Tiger class have continued to read 'Holes' and during the last chapter, they started to find out more about the character 'Katherine Barlow'. In Science, the children found out about animal adaptations and for their work in history they learnt about 'The Suffragettes'.

Well done Tigers and parents/carers, for all of your efforts with costumes for 'World Book Day.' You all looked fantastic!

Well done this week to Orla, Freddie and Sophie for earning certificates.

Homework Club on Monday. Swimming on Tuesday.

Have a super weekend.

Mrs Gittens and Ms. Archer
