

Legendary Lions Newsletter

Friday 13th March

English

In English this week, we have been writing our own independent poems about a chosen type of weather. We've been using the learnt features from our toolkit, such as onomatopoeia (sound words) and personification (giving the weather human features) to make our poems interesting to read.

Maths

In maths this week, we have started a new unit on measuring mass and capacity. We have been learning about reading scales and working out the intervals between each given number.

This term we are continuing to focus on learning our 3s, 4s and 8 times tables.

Science

As it was Science Week, we participated in a STEM challenge where we were given a challenge to build a bridge strong enough to allow a toy car to travel between two tables. We worked in groups to brainstorm innovative ideas and used recycling to construct our bridges.

Egyptian Day Friday 20th March

Please can children come to school in Egyptian costumes Friday 20th March, and parents/carers are invited to join us in the hall for activities between 9.15-10.15.

Homework

Please try to read at least **4 times** a week at home and record in reading records, practice spellings each evening and complete **15 minutes** of TTRS each week. This will be checked every Friday.

Well done to Harvey and Thea for achieving certificates this week!

Have a lovely weekend,

Mrs Wall
