

Bright Bumblebees

Maths

We have been measuring mass. We have used balanced scales and weights (grams and kilograms) to help us find the mass of different objects. We also tried to solve problems that involved adding and subtracting weights. We need to keep practising this! **Eg, How much heavier is ____ than the ____?**

English

This week we have chosen an animal to write a non-chronological report about. We highlighted key facts about it and specific vocab that we wanted to include. We also planned our sub headings and a 'did you know?' fact. Next week, we write our final reports!

Topic

This week, we learned all about compass points. We used a simple map and followed instructions using N,E,S,W to reach a final destination. We also sketched an Indian elephant, using shape and line techniques. What fabulous artists they are!

This week's Bright Bumblebees are, **Arthur, Janek and Ellie.**

Have a fantastic weekend!

Mrs Hickman 😊
