

Legendary Lions Newsletter

Friday 20th March

English

In English this week, we have learning about the features of persuasive writing, such as rhetorical questions and emotive language, and planning our own persuasive letter.

Maths

In maths this week, we have been identifying equivalent masses in g and kg, adding, subtracting and comparing mass.

This term, we are continuing to focus on learning our 3s, 4s and 8 times tables.

Science

This week, we have been learning about different types of magnets and how the poles attract and repel. We have also been investigating which materials were magnetic and which were not. We found that not all metals are magnetic.

Egyptian Day

Thank you all so much for attending our Egyptian day today!

We have had an amazing day!

We spent the rest of the day having an Ancient Egyptian feast, mummifying each other, playing Egyptian games and watching mummies.

Homework

Please try to read at least **4 times** a week at home and record in reading records, practice spellings each evening and complete **15 minutes** of TTRS each week. This will be checked every Friday.

Well done to Ollie and Harvey for achieving certificates this week!

Have a lovely weekend,

Mrs Wall
