

TIGER CLASS

In English, Tiger Class have researched information on a famous person of their choice and made notes. The children have then been busy writing the first draft of their biographies using formal language.

In Maths, Tiger Class have continued to recap on areas of Maths which they are not confident with. The children have been revising co-ordinates, division of a four-digit number by a two-digit, answering questions relating to statistics and solving multi-step problems. With a partner, the children have also been solving reasoning and word problems on whiteboards.

During the afternoons, Tiger class have continued to create their pictures of 'Greek inspired' mythical creatures using oil pastels and crayons. On Thursday, they used air drying terracotta clay to create their Greek vases and learnt the Greek myth Odysseus and the Cyclops. In PE, they have practiced cricket skills.

SATS Breakfast - children are asked to arrive at 8:30 am from Monday 11th to Thursday 14th, so that they can get settled and enjoy their cooked breakfast with their friends. The children are to come straight to the hall door where they come in for breakfast club where they will be registered on their arrival.

Well done for earning a certificate to: all of the Tigers.

Tigers - don't forget to act on the advice given in your letter!

Have a lovely weekend!

Mrs Gittens and Ms.Archer
