

Leopard Class Newsletter

This week in English, following our exciting trip to Little Owl Farm Park, the children have been writing a recount of their visit. We began by talking about the different activities that took place throughout the day and putting them in the correct order. As part of their writing, the children also wrote about their favourite activity from the trip and explained why they enjoyed it.

This week in Maths, we have been learning about doubling, equal groups and sharing equally through practical activities. The children used counters, cubes and drawings to explore doubling numbers, group objects into equal sets and share items fairly between groups.

This week in our topic lessons we began learning about human and physical features. We discussed the differences between natural features and man-made features before going on a walk around the school grounds to identify examples of each.

PE

Please note that our PE days are on a Monday (outdoor) and Thursday (indoor).

Stars of the Week

Well done to Eden and Sashvanth for receiving a certificate this week!

Have a lovely weekend and see you on Monday ready for Sports Day!

Miss Dallow and Mrs Wright 😊
