

Legendary Lions Newsletter

Friday 3rd July

English

In English this week, we have been practicing our reading comprehension skills.

Maths

In maths this week, we have been recapping and practising column addition and subtraction. We have also been practising our reasoning skills by doing word problems, and we even made our own for our partners to have a go at! We have also been doing lots of times tables practice, ready for year 4!

This term, we are continuing to focus on learning our 3s, 4s and 8 times tables.

Science

In science, we have been learning about methods of seed dispersal. We sorted the pictures of the plants into which we thought used Wind, Explosive, Animal & Water methods of seed dispersal.

History

In history this week, we have been learning about what life was like living by the Yellow River during the Shang Dynasty period. We designed our own Shang child, and thought about what they might have worn, what they might have eaten, what hobbies or jobs they might have done, and where they would have lived.

PE

In PE, we have been practising for sports day and our dance for the leavers' play! A letter went out last Friday with details about costumes. If you have any queries or concerns, please come and see me.

Well done to Hugh and Maggie for achieving certificates this week!

Have a lovely weekend!

Mrs Wall
