

Bright Bumblebees

Maths

This week we have been learning about position and direction. We have used language such as **right, left, between, above, below, forwards and backwards**. Using clues, we had to draw where things are on a grid. For example,

Some objects are shown on a grid.

a) Use the clues to show where each object is on the grid.

- The car is to the left of the boat.
- The bike is between the plane and the boat.
- The scooter is to the right of the plane.

b) How many different ways can you describe the position of each object?

		
		
		

English

We have been reading the diary of a superhero! It has inspired us to think of our own superhero and what rescues they may have to do! The tricky part was thinking of a name! We tried to think of adjectives and then nouns. We came up with Invisible Woman, Fantastic Felix, Mighty Max, Wild Wolf, Black Falcon!

DT

We have managed to sew our pouches and add our decorations! We have used the running stitch, and I must say that I am extremely impressed with the patience and perseverance of the children. What super sewers they are!

This week's Brilliant Bumblebees are **Arthur, Mickey and Oakley and Chloe.**
