

Legendary Lions Newsletter

Friday 10th July

English

In English this week, we have been writing recounts about our trip to the Discovery Centre. We have had to think about using chronological order, conjunctions and fronted adverbials to make our recounts interesting to read!

Maths

In maths this week, we have been continuing to work on our reasoning and problem-solving skills.

This term, we are continuing to focus on learning our 3s, 4s and 8 times tables.

Science

For our science this week, we were at the Discovery Centre! We walked through Onny Meadows and identified different flowers and even collected some seeds! We were able to consolidate and build on what we have learnt in class by experiencing the life cycle of a plant.

History

Our trip to the Discovery Centre also linked to our history learning from earlier this year! We explored the exhibition and learnt about how Shropshire has changed from the Stone Age through to the Roman era.

PE

In PE, we have been practicing our dance for the leaver's play next week. Everyone's costumes should now be in school ready, please come and see me if you have any queries or concerns.

Well done to Ollie, Oscar, Harvey and Teddy for achieving certificates this week!

Have a lovely weekend!

Mrs Wall
