

Toucan Class Newsletter

Wow! What a super first week we have had!

In English this week we have been reading two books - 'Incredible You' and 'Super Duper Me'. We have labelled pictures of our 'super duper' selves and then written sentences about what makes us incredible. We have been working hard to remember to use finger spaces and a full stop at the end of our sentences.

In Maths we have been practising our number formation and our counting - we really enjoyed playing 'teacher' and checking that our partner had counted the right amount! We have also had fun sorting different objects. We have also started learning to recognise and name 3D shapes. We played games and the children especially loved playing 'Fastest finger!' Once the children felt confident with naming the 3D shapes, they then enjoyed sorting them into groups too! Well done, Toucans!

In our Science lesson, we started our very own seasons diaries which we will continue to complete throughout the year. We explored the trees around our school and created beautiful leaf rubbings.

We have also started our new topic, which is called 'Flight'. We have looked at different things that fly and do not fly, and we used the stomp rocket to investigate how to make the rocket fly further. Your child should have brought home a copy of the 'Power Projects' for this topic. This is homework to compliment your child's learning in class and is intended to be completed over this half term. Your child should aim to achieve 5 Power Points. They can share their homework with us by either bringing it in or by emailing photos to the school office. If you have any questions, please come ask.

Stars of the Week

ALL OF TOUCAN CLASS! What a fantastic start to Year 1. We are very proud of you all - Well done, everybody!

Have a lovely weekend!

Miss Dalloway and Mrs Wright 😊
