

Genius Giraffes Newsletter

Friday 25th September

English

In English this week, we have been innovating and improving our model text, by using the language features that we have been practicing over the last few weeks. We have also started planning our hot tasks ready to write our setting descriptions next week.

Maths

In maths this week, we have been comparing and ordering numbers up to 1000 and estimating where numbers go on a number line. We have been playing a game in class to help us with this:

<https://mathsframe.co.uk/en/resources/resource/37/placing-numbers-on-a-number-line>

This term, we are focusing on practicing our 2s, 5s and 10s times tables.

Geography

This week, we have been comparing the climate and temperature in rainforests, hot deserts and cold deserts.

Science

In science this week, we had a visit from Steve the skeleton! We recapped our most important organs and learnt about the parts of the skeleton and the body parts that they protect.

Homework

As the children are now in KS2, they are expected to complete the following each week:

- 15 minutes TTRS (logins are in the front of reading records)
- Read 4 times a week (please record in reading records)
- Practice Spellings

This will be checked on a **Friday**.

Well done to Imogen, Sophia, Hunter and Harli for achieving certificates this week!

Have a lovely weekend,

Mrs Wall
