

Zestful Zebras' News!

Maths

This week we have been comparing objects and numbers, using the language, greater than, less than and equal. We have learnt to look at how many tens are in a number first and then to check the ones.

[Placing Numbers on a Number Line - Tablet Version - Mathsframe](#)

English

We have finished our stories and they are fabulous! The children have loved hearing me read aloud their different stories and they should all be super proud of what they have achieved.

History

We learnt about George Stephenson. Stephenson invented the steam locomotive and revolutionised transport in Victorian times. We learnt about how trains have changed through the years and also how they have changed people's lives.

Science

We have been finding out which animals live in a grassy habitat. We drew our observations and then had fun making up an address for the creature we found.

★ Our star pupils this week are: **Bonnie, Hugo and Deja.**

Have a great weekend!

Mrs Hickman 😊
