

Genius Giraffes Newsletter

Friday 9th October

English

In English this week, we had an unexpected visitor! Whilst we were trying to do our handwriting, a pirate burst into our classroom! The pirates had sent Jackie Sparrow to collect our beach setting description writing, so we shared them with her in class.

Also, we have been orally learning an animal fact file and have started identifying the features of a non-chronological report.

Maths

In maths this week, we have been adding and subtracting 1s across a 10, and 10s across a 100.

This term, we are focusing on practicing our 2s, 5s and 10s times tables.

Geography

This week, we have been learning about the ways that animals have adapted to survive the extreme temperatures in hot deserts. We started making our own fact files, which also links to our English learning!

Science

In science this week, we have been comparing the skeletons of different vertebrates and identifying how they are different to a human skeleton.

Homework

As the children are now in KS2, they are expected to complete the following each week:

- 15 minutes TTRS (logins are in the front of reading records)
- Read 4 times a week (please record in reading records)
 - Practice Spellings

This will be checked on a **Friday**.

Well done to Ada, Carter and Adam for achieving certificates this week!

Have a lovely weekend,

Mrs Wall
