

Zestful Zebras' News!

Maths

This week we have been learning fact families. We can (with a little help!) name 8 facts using 3 numbers. For example, $3 + 2 = 5$ so

$2+3=5$, $5=3+2$, $5=2+3$, $5-3=2$, $5-2=3$, $3=5-2$, $2=5-3$.

We have also been looking at related facts. We know that if $3 + 2 = 5$ then $30 + 20 = 50$.

English

We have planned our own recipe for a vegetable soup. We have also begun to write our instructions for how to make it, remembering to make the soup sound tempting too!

DT

We received a letter from Willy Wonka! He asked us to design and create a new chocolate bar for children. We have created a name, chosen our ingredients and have designed an eye-catching wrapper. Next week, we make them!

History

Hopefully, you should have seen a letter explaining details about our Evacuee Day next term. Any questions, please don't hesitate to ask.

★ Our star pupils this week are: **Toby and Hanna.**

Have a great weekend!

Mrs Hickman 😊
