

Parent/Carer Quotes 2023

Thank you to everyone who participated from Tenbury Primary Academy School Governors!

Since my son has started at Tenbury Primary, he has come on leaps and bounds. I can't thank the teachers and staff enough for their support and encouragement towards him on his school journey.

Both my children really enjoy Tenbury primary. They always come home happy and full of new information that they have learnt. They enjoy Forest School. As a parent, if I have any questions they are always happy to help.

Tenbury primary is a lovely school... the staff are exceptional teachers and it is apparent that Tenbury Primary is a much loved school in the community.

I have found the Head and all staff to be very helpful and understanding of the needs of our children in their care.

The school seem to have a good balance of fun and work for the kids, from set lessons to our little things like the Hat Parade, school trips and fetes. In the last year of SATs exams, again the school offer extra lessons outside of school with treats to encourage the kids to want to do this. From what we have seen from my child, this is really helping then improve week by week.

Good friendly school.
Good communication.
Our child is happy at school!
