

Delightful Dragons

Delightful Dragons Challenge

The whole school take part in an exciting homework system for anything other than phonics and reading. We are keen for the children in 'Delightful Dragons' to take part in a homework challenge. For each new topic, we will set a range of activities that the children can try at home. When the children have completed an activity, they can photograph their work and upload it to Google Classroom. The children can complete the tasks in any order during the half term. We are sure the children will have great fun completing their activities and will be keen for all their friends to see them, during our virtual 'Show and Tell'.

Create it!

Create a picture of yourself. Don't forget to have a go at writing your name on your work!

Cook It!

Bake some cakes and decorate them with a smiley face.

If you have any questions, please do not hesitate to ask.

Many thanks,

Mrs Baker
