

Leopard Class Newsletter

In English we have been 'boxing-up' the story of 'The Gingerbread Man'. This means we have been looking at the structure of the story and breaking it down into 5 sections: introducing the main character, the build up of the story, the problem, the resolution and the ending.

We then used this to plan our own ideas for a story following this 'boxing-up' process. The children have really enjoyed thinking of their own characters and have been very creative.

In Maths, we have been practising counting backwards and using this knowledge to help us to find 1 less of a number. We have also been looking at 2D and 3D shape patterns. The children really enjoyed drawing 2D shape patterns on their whiteboards and creating patterns with 3D shapes as a class. Well done!

In our topic lessons we have learnt all about what happens at an airport and decided upon different countries that we would like to fly to.

Homework

We have had some lovely pieces of homework being brought into school and uploaded onto Google Classroom, and the children have loved sharing their work with their classmates. There is still plenty of time to complete your POWER Projects and we look forward to you sharing them with us.

Stars of the Week

Eden and Flossie. Well done!

Have a lovely weekend.

Miss Dallow and Mrs Wright 😊
