

Bright Bumblebees

Maths

This week in Maths we have started to learn how to recognise the place value of each digit in a two-digit number by looking at the tens and ones. We have used ten frames, base ten and rekenreks to show a number pictorially. We will be doing more work on this next week.

English

We have started our story called *The Papaya That Spoke*. Most of us bravely tasted a papaya and tried hard to describe it. We then wrote facts about where its from and what it looks like.

Topic

The children have been introduced to their first topic of the year and will bring home their Power Projects after school. Our topic is called *Pioneers* and it's an opportunity for us to find out about famous inventors, scientists and explorers. This week we learned about the moon landing in 1969.

This week's Bright Bumblebees are Zach and Grace!

Have a great weekend and see you on Monday!

Mrs Hickman ☺
