

Bright Bumblebees

Maths

We have been learning about 2D and 3D shapes. This week, we have counted the sides and vertices on 2D shapes. We also explored lines of symmetry and could say which shapes have a vertical line of symmetry.

English

As part of our Beauty and the Beast story, we have begun to write good sentences for story writing. We can use prepositions that tell the reader where something is (**in, under, behind, above, beneath** etc) and similes that describe by comparing an object with something else (**sparkled like stars**)

Christmas Performance

We are in full swing with our rehearsals. Thank you for the costumes that have already been sent into school. Please let me know if you need any help with costume ideas.

Science

We have seen some fabulous POWER projects so far, all linked to our science topic – Choosing Materials. In our session this week, we investigated which balls were the bounciest.

Useful websites

We use lots of useful games and activities online and the children always ask how they can play at home. So, I have added some sites below that we have used recently in class.

<https://mathsframe.co.uk/en/resources/resource/37/placing-numbers-on-a-number-line>

<https://www.topmarks.co.uk/learning-to-count/paint-the-squares>

https://musicplayonline.com/activities/virtual_instruments/game_files/glockenspiel/index.html

This week's Bright Bumblebees are **Noah, Camden** and **Teddy**.

Have a great weekend, everyone!

Mrs Hickman 😊
