

## Legendary Lions Newsletter

Friday 24<sup>th</sup> October

### Maths

In maths this week, we have been adding and subtracting 3-digit numbers with exchanges using column method.

This term, we are focusing on practicing our 2s, 5s and 10s times tables. We have been playing fun multiplayer games, such as tug of war and tables tennis (see links below) to help strengthen our times table knowledge.

### English

In English this week, we have been writing our own sets of instructions to help an explorer to make a healthy snack. We have had to make sure that we include imperative verbs, time adverbials, adverbs and lots of other features to make them easy to follow!

### Topic

In topic this week, we have been sharing all our lovely POWer projects that we have worked hard on over the past weeks. It was amazing to celebrate everyone's hard work!

### Science

This week, we have been learning all about muscles. We completed circuit training in the hall and thought about which muscles we had to use at each station.

### Homework

Please try to read at least 4 times a week at home and record in reading records, practice spellings each evening and complete 15 minutes of TTRS each week. This will be checked every Friday.

Well done to all the Legendary Lions for all their hard work over the past weeks! We have had an amazing first half term.

Have a lovely half term break,

Miss Higgins
