

Good afternoon Snakes!

This week in our English lessons, we have been learning the story of Reily and his magical adventure. We have looked at how the use of fronted adverbials, similes and adjectives enhance the story.

Our maths lessons this week looked at place value and moved on to think about numbers up to 10,000. We have worked on partitioning as well as increasing and decreasing different values.

During our art lesson this week, we worked on designs for a low relief tile inspired by Tenbury landmarks.

Our pupils of the week are:

Willis - For giving 100% effort in every lesson.

Scarlet - For working hard to increase her understanding of place value.

Well done to both of you.

Please remember to allow your child to practise their spellings at home. As Year 4 children will also be required to take the government's mandatory times tables check during the summer term, practising their times tables on <https://play.ttrockstars.com/> is important. Your child is set the task of playing 25 games per week (approx 1 min per game), though as much practice as possible would be recommended to master this vital mental maths skill.

Finally, please remember to remind your child to read at home for a minimum of 10 minutes per day; a mixture of reading aloud and to themselves is preferable.

Many thanks and have a great weekend,

Mr Bell
