

Good afternoon Snakes!

This week in our English lessons, we innovated our warning story, creating clear introduction, build up, problem, resolution and ending sections.

Our maths lessons began to look at rounding and we can use number lines to help us. This can be quite challenging in Year 4 and I was incredibly impressed with how well all the children worked on this.

During our art afternoon, we prepared our low relief tile designs for transfer to our tiles using tracing paper. We then made our clay tiles ready for us to transfer our designs next week.

Our pupils of the week are:

Nell - For the creative use of fronted adverbials when writing her warning story.

Christia - For taking time and care to produce a detailed low relief tile design.

Well done to both of you.

Please remember to allow your child to practise their spellings at home. As Year 4 children will also be required to take the government's mandatory times tables check during the summer term, practising their times tables on <https://play.ttrockstars.com/> is important. Your child is set the task of playing 25 games per week (approx 1 min per game), though as much practice as possible would be recommended to master this vital mental maths skill. Finally, please remember to remind your child to read at home for a minimum of 10 minutes per day; a mixture of reading aloud and to themselves is preferable.

Many thanks and have a great weekend,

Mr Bell
