

# TIGER CLASS

In English, the children have been writing their own Warning Story to show what they have learnt over the last few weeks. Tiger Class have completed a Cold Task for a discussion text and are now in the process of developing their learning about this type of text. The children have identified the meanings of unfamiliar words and the underlying pattern of this text type. Tigers have also identified the language features within it too.

In Maths, the children have been calculating the whole where a fraction has represented a certain amount and they have had to work out the total. For the rest of this week, children have completed a Maths SATs paper. Tiger Class have all worked really hard to complete these and given their best. Well done!

During the afternoons, Tiger class have really enjoyed making their Viking soda bread. They used a mixture of wholemeal flour, oats and honey to replicate an authentic Viking recipe. In PE, the children continued to develop their orienteering skills and in Science they learnt about how electricity is produced

Well done for earning a certificate this week to: Callum, Lily K, and Oscar.

Have a lovely weekend!

Mrs Gittens and Ms. Archer
