

Good afternoon Snakes!

This week in our English lessons, we have been learning a wishing tale called 'The King of the Fishes'. We have seen how conjunctions and precise nouns have been used to give the reader more information.

Our maths lessons this week have looked at column methods of multiplication while also building a conceptual understanding of the 'bus stop' method of division.

During our French lessons this week, we looked at the days of the week. We practised their pronunciation and considered their Roman origins.

Our pupils of the week are:

Presley A - For working hard with our reading volunteer.

Olivia M - For using subordinating conjunctions in her writing.

Please remember to allow your child to practise their spellings at home. As Year 4 children will also be required to take the government's mandatory times tables check during the summer term, practising their times tables on <https://play.ttrockstars.com/> is important. Your child is set the task of playing 25 games per week (approx 1 min per game), though as much practice as possible would be recommended to master this vital mental maths skill.

Finally, please remember to remind your child to read at home for a minimum of 10 minutes per day; a mixture of reading aloud and to themselves is preferable.

Many thanks and have a great weekend,

Mr Bell
