

# TIGER CLASS

In English, Tiger Class have now written their own version of a mystery story that includes suspense and vivid description. The children all worked really hard to write these. Tiger Class have now started a new genre based around the whole class reading book 'Holes.' The children have completed a cold task to show what they can remember about information texts. Tiger Class have then identified how an information text about 'Camp Green Lake,' is organised and have found out the definitions of unfamiliar words. The children have ended the week, identifying the different types of language features within the text.

In Maths, Tiger Class have been developing their knowledge of how to identify equivalent fractions, decimals and percentages. The children have also learnt how to order fractions, decimals and percentages. The week has ended with Tiger Class calculating percentages of amounts.

During the afternoons, Tiger class have finished their oil pastel pictures of Van Goghs Starry night.

They have learnt about the importance of music in films and the impact it has on creating atmosphere. In RE, the children created poems about Humanism and in history they learnt about the Moon Landing.

In guided reading, Tiger class read chapters, 7, 8 and 9 of 'Holes' and in Science they continued to learn about how light travels.

Well done for earning a certificate this week to: Finley, Daisy and Elissa.

Don't forget, Homework Club on Monday.

Have a great weekend!

Mrs Gittens and Ms. Archer
