

## School Parking

### School Parking Safety Advice

A timely reminder with Children going Back to School!

We would like to remind adults who carry out the School run of the importance of legal and responsible parking during school drop off and pick up times.

Examples include parking on pavements, junctions, causing obstructions, parking on double or single yellow lines.

This standard of parking is wholly unacceptable and illegal, and most importantly can put children's safety at risk.

We know that most people do want to do the right thing and drive safely and responsibly. We therefore request that you adhere to the following when parking, dropping off or collecting children from school;

- **Keep clear of the school 'Zig-Zags'**
- **Adhere to local parking restrictions**
- **Ensure pavements, junctions & driveways and pedestrian access points are kept clear**
- **Ensure emergency vehicles would be able to get past if needed**
- **Behave in a manner that is respectful towards others- including pedestrians and local residents**
- **Park further away from the school if at all possible**

If you choose to ignore this advice you may find yourself at risk of being prosecuted/ being issued with a parking ticket by council enforcement officers and/ or the police. Remember inconsiderate and dangerous parking outside schools puts pedestrians lives at risk.
